## INTERNSHIP MANAGEMENT PORTAL

### WEEKLY REPORT - WEEK 3

#### STUDENT & INTERNSHIP DETAILS

<b>Student Name:</b>	John Doe
<b>Roll Number:</b>	SP21-BCS-001
<b>Company:</b>	Tech Solutions Ltd.
<b>Supervisor:</b>	Dr. Sarah Ahmed
<b>Week Number:</b>	3
<b>Period:</b>	2024-11-18 to 2024-11-22

#### WEEKLY WORK SUMMARY

This week I worked on developing the user authentication system using React and Node.js. I implemented JWT token-based authentication and created secure login/logout functionality.

#### REFLECTIONS - WHAT DID YOU LEARN THIS WEEK?

I learned about security best practices in web development, particularly around JWT implementation and password hashing. This enhanced my understanding of full-stack development.

#### ADDITIONAL COMMENTS

Completed the authentication module documentation and created unit tests for the login system.
