Certificate Statement

This is to certify that Muhammad Ahmad Hassan, Registration Number SP21-BCS-088, from the Department of Computer Science, has successfully completed the internship program at TechCorp Solutions Pakistan Pvt Ltd under the supervision of Engr. Sarah Ahmed Khan.

The internship period was from January 15, 2024 to April 15, 2024, covering a duration of 13 weeks.

During this period, the student has demonstrated professionalism, dedication, and competence in their assigned responsibilities and has fulfilled all the requirements of the internship program as prescribed by COMSATS University Islamabad.

Performance Summary

The student has demonstrated exceptional performance throughout the internship period, consistently meeting project deadlines, showing initiative in problem-solving, and maintaining high standards of code quality and professionalism.

Key Achievements

Successfully completed the e-commerce platform development, implemented advanced security features, optimized application performance by 40%, contributed to team knowledge base, and received positive feedback from clients and supervisors.

Skills Developed

Full-stack web development, database optimization, API design and development, user experience design, project management, team collaboration, client communication, and technical documentation.

Overall Evaluation

Overall Performance Rating: 9.2/10

The student has been evaluated based on technical competency, professional behavior, communication skills, teamwork, and ability to learn and adapt. This rating reflects the comprehensive assessment by the supervising mentor and company management.

Certificate Validation

This certificate is issued by COMSATS University Islamabad in collaboration with TechCorp Solutions Pakistan Pvt Ltd and serves as official recognition of the successful completion of the internship program.

Certificate Number: COMSATS-CERT-2024-088
