COMSATS INTERNSHIP PORTAL

PROGRESS REPORT

Student Name	Student_5 (FA22-BCS-001)
Company Name	Company_4
Supervisor Name	Supervisor_1
Reporting Period	12
Report Date	9/6/2025
Status	Submitted

Tasks Assigned

123I am designing a Progress Report PDF in React using @react-pdf/renderer.
Problems:
- Long feedback text overflows the page.
- Inconsistent spacing between sections.
- Different pages don't follow the same design pattern.

Please generate a Progress Report PDF with:
1. A consistent header bar (blue theme, portal branding).
2. A progress summary table (student name, company name, duration, status).
3. A section for supervisor feedback in a bordered box with justified text and word wrapping.
4. A performance score/grades section shown in a neat table.
5. A uniform footer with "Generated by COMSATS Internship Portal | Date | Page X".
The design should look academic, structured, and professional.

Progress Made

I am designing a Progress Report PDF in React using @react-pdf/renderer.
Problems:
- Long feedback text overflows the page.
- Inconsistent spacing between sections.
- Different pages don't follow the same design pattern.

Please generate a Progress Report PDF with:
1. A consistent header bar (blue theme, portal branding).
2. A progress summary table (student name, company name, duration, status).
3. A section for supervisor feedback in a bordered box with justified text and word wrapping.
4. A performance score/grades section shown in a neat table.
5. A uniform footer with "Generated by COMSATS Internship Portal | Date | Page X".
The design should look academic, structured, and professional.

Areas of Improvement

I am designing a Progress Report PDF in React using @react-pdf/renderer.
Problems:
- Long feedback text overflows the page.
- Inconsistent spacing between sections.
- Different pages don't follow the same design pattern.

Please generate a Progress Report PDF with:
1. A consistent header bar (blue theme, portal branding).
2. A progress summary table (student name, company name, duration, status).
3. A section for supervisor feedback in a bordered box with justified text and word wrapping.
4. A performance score/grades section shown in a neat table.
5. A uniform footer with "Generated by COMSATS Internship Portal | Date | Page X".
The design should look academic, structured, and professional.

Next Goals / Objectives

I am designing a Progress Report PDF in React using @react-pdf/renderer.
Problems:
- Long feedback text overflows the page.
- Inconsistent spacing between sections.
- Different pages don't follow the same design pattern.

Please generate a Progress Report PDF with:
1. A consistent header bar (blue theme, portal branding).
2. A progress summary table (student name, company name, duration, status).
3. A section for supervisor feedback in a bordered box with justified text and word wrapping.
4. A performance score/grades section shown in a neat table.
5. A uniform footer with "Generated by COMSATS Internship Portal | Date | Page X".
The design should look academic, structured, and professional.

Remarks / Notes

I am designing a Progress Report PDF in React using @react-pdf/renderer.
Problems:
- Long feedback text overflows the page.
- Inconsistent spacing between sections.
- Different pages don't follow the same design pattern.

Please generate a Progress Report PDF with:

1. A consistent header bar (blue theme, portal branding).
2. A progress summary table (student name, company name, duration, status).
3. A section for supervisor feedback in a bordered box with justified text and word wrapping.
4. A performance score/grades section shown in a neat table.
5. A uniform footer with "Generated by COMSATS Internship Portal | Date | Page X".
The design should look academic, structured, and professional.
